I'm sorry for sending this so late. We had resident meetings into the evening. I had quite a few recommendations which are enclosed in this document. For some reason, the first change showed up as highlighted rather than green text, but I don't want to mess with trying to fix it. Please look this over and make changes as appropriate. Some are just questions.

I would like to see this once more before you send it out if that's ok. I did not review any of the insurance stuff or terms and conditions, just the technical material.

Thanks for working on this so quickly
Chris

Attached is a draft Radiation Site Support RFQ for your review and comment.

Also I attached the last mod we received for the TO. It expires on August 31, 2019.

Let me know your thoughts.
I'll be hitting the road north soon.

Have a good day.
